Profile

Marketing academic and management educator combining quantitative research on consumer-experienced quality with experience in software, industrial operations, consulting, programme development, and digital tools for management education.

- **Programme development:** Contributed to the launch of the MBA in Digital Business Management at IIM Bodh Gaya and the MS in Business Analytics and AI at South Asian University.
- **Digital innovation:** Built Mercatura, Academex and PeerPulse to address practical challenges in marketing education, assessment and group work. Developed an Android application for a longitudinal study of electric vehicle owners.
- **Research:** Two articles published in the *European Journal of Marketing*; four manuscripts under review; ongoing work on AI, sustainability and consumer-experienced quality.

Education

Ph.D. in Management 2020
University of Geneva, Switzerland

M.Sc. in Energy Management and Sustainability 2013
École Polytechnique Fédérale de Lausanne (EPFL), Switzerland

B.E. in Electrical and Electronics Engineering 2005
Manipal Institute of Technology, India

Academic Positions

Senior Assistant Professor 09’ 2025–Present
South Asian University, New Delhi, India

Founding faculty member of the Faculty of Management. Contributed to the design and launch of the MS in Business Analytics and AI and doctoral and executive programmes. Supervising doctoral scholars in the first doctoral cohort and contributing to academic governance, student leadership and placements.

Assistant Professor of Marketing 06’ 2025–09’ 2025
Indian Institute of Management Ranchi, India

Taught postgraduate Marketing Management I and contributed to executive education and Management Development Programmes.

Assistant Professor of Marketing 11’ 2021–10’ 2024
Indian Institute of Management Bodh Gaya, India

Contributed to the launch of the MBA in Digital Business Management, designing the marketing course structure. Taught undergraduate and MBA courses and supported international and alumni affairs.

Research Assistant and Instructor 01’ 2015–12’ 2020
Geneva School of Economics and Management, University of Geneva, Switzerland

Conducted doctoral research on product quality and customer–brand behaviour; taught undergraduate and graduate courses; supervised twelve MSc and BSc dissertations; and contributed to publications, conferences and academic service.

Visiting and Concurrent Appointments

Global Visiting Faculty 03' 2025–Present
Tecnológico de Monterrey, Mexico

Visiting Researcher and Mentor 11' 2024–Present
American University of Switzerland

Instructor 01' 2024–Present
Intellipaat, Bangalore, India

Digital Professor 02' 2021–07' 2024
Higher School of Economics, Moscow, Russia

Programme Development and Institution Building

MS in Business Analytics and AI 2025–Present

South Asian University, New Delhi

Contributed from initial programme design through launch and delivery, including course design, promotion and admissions. The first cohort enrolled in August 2026. Teaching includes Introduction to Business Analytics, Marketing Management and Analytics, and core and elective marketing courses.

MBA in Digital Business Management 2022–2023 (launch)

Indian Institute of Management Bodh Gaya

Member of the launch team; designed the course structure for the marketing domain, including core and elective courses.

Credit Suisse Award for Innovation in Teaching 2020 (team member)

University of Geneva

Institutional project that developed a six-credit course enabling professors to share research responsibilities and workload with bachelor's and master's students.

Digital Platforms for Management Education

Developed through AI-assisted programming, these platforms address practical problems encountered in teaching and are being piloted beyond my own classroom.

- **Mercatura: marketing decision simulation.** A six-period simulation covering pricing, promotion, distribution and positioning, with immediate and delayed market feedback and a record of participant decisions. Used in courses at South Asian University and the Indian Institutes of Management.
- **Academex: assessment in AI-prevalent settings.** In-class and out-of-class quizzes developed in response to the challenges generative AI creates for assessment. Testing with faculty colleagues in Mexico and India.
- **PeerPulse: peer evaluation of group work.** Instructors create courses and groups, and teams submit evaluations through private links without student accounts. Peer evidence is compared with report evidence; instructors retain final responsibility for marks. In use at SAU and being tested at other institutions.

Non-Academic Professional Experience

Consultant 2019

FactWorks GmbH, Berlin, Germany

Built structural equation models to predict consumer reactions to new product offerings and trained employees in brand management.

Junior Manager 2007–2011

Steel Authority of India Limited (SAIL), Bokaro, India

Worked on energy management and control in an integrated steel plant, improving the availability, reliability and cost effectiveness of electrical infrastructure. Reduced electricity expenditure by approximately INR 3 million and received the Young Manager recognition twice.

Software Engineer 2005–2006

Infosys, India

Contributed to the design of SNMP functionality for Apple products.

Research Profile

Research interests: Product quality and customer–brand relationships; AI, sustainability and consumer-experienced quality; measurement and longitudinal methods; digital service quality.

Key project: Longitudinal Study of Electric Vehicle Consumer Experience in India (Co-Investigator). Uses a custom-built Android application to follow EV owners' experiences with product quality and defects over time. International collaboration with the American University of Switzerland, University of Geneva and University of California Davis.
